

PURPOSE

The purpose of Cooperative Campus Ministry is to proclaim the name of Jesus Christ by providing opportunities for cooperative efforts and by demonstrating a unified spirit of concern and assistance for the students, faculty, and staff of Wayne State College.

Through a cooperative effort the ministries involved in this program will combine resources and finances to effectively address our common concerns.

Any ministry need not surrender either its particular identity or denominational heritage, and is free to abstain from any projects due to lack of resources or conflict of interest.

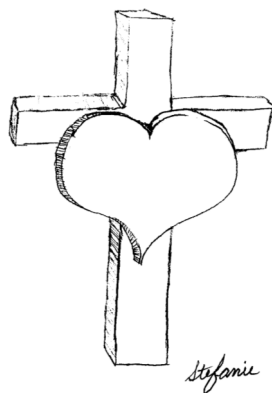

Ministries participate in as many of the cooperative activities which they feel serve the needs of students, faculty, and staff, as well as their own organization.
